TULP Announces its Expansion to the former Christmas Tree Shop Building in Bourne.

By: Steven Hall, Craft Media Inc

Wednesday, January 31st 2024

TULP Outdoor Living is delighted to announce its expansion by leasing the iconic former space of The Christmas Tree Shop near the Sagamore Bridge in Bourne. This eight-month lease for the Spring and Summer seasons symbolizes a significant move for the company.

“We plan to open March 1st and enjoy the summer season on Cape Cod.” states Gabriel Kroeze. When asked about the iconic building; “We really love the space and plan to leave the interior and exterior without any major modifications.” stated Kroeze.

TULP, a small business operated by the Kroeze family, is known for its exceptional outdoor furniture and prides itself on its modern design ethos. Their furniture, crafted with high-quality materials like powder-coated aluminum, teak wood, and Sunbrella fabric cushions, is designed to withstand the challenging New England weather conditions. Emphasizing both style and durability, TULP offers fairly priced products, ensuring value without compromising quality.

This new venture into a notable location underscores their commitment to bringing high-quality, fairly priced outdoor living furnishings to Cape Cod.
